

Oak Barn Layout

Dance Floor

Round / Straight Top

Please also see notes on following page: generally Round Top tables make better use of the space and are very popular however straight tops can be arranged. Please note Straight Tops extend to take out at least both round tables either side of them.

Notes:

The table numbers shown on the diagrams are for Dodford Manor setup use only, you may re-number/re-name the tables as you wish (please advise which of your table names/numbers correspond to Dodford Manor table numbers). We ask that this copy of the table plan is returned to us **along with** any additional table plans you may have designed yourselves 7 days prior to your day.

Table numbers 12-17 (if used) will be removed in the evening for the dance floor.

Round Tables (max Oak Barn capacity 170 seated)

Can seat 6-10 guests around the whole table (or 6-8 guests in a horseshoe layout (keeping the front of the table clear).

Top Tables:

Round Top Tables seems to be much more popular than Straights Top tables at Dodford Manor as they are slightly less formal and Couples' are choosing to not be on such close display when they are eating and they can talk with all of their parents and Best Man/Chief Bridesmaid easily. The Bride and Groom are still able to face their guests too. Round Top Tables are able to hold up to 10 (Bride & Groom, Both sets of Parents, Best Man and Chief Bridesmaid plus two additional guests!) Popular Round Top table positions (see diagram above) include: 2, 5, 6, 4 and 7.

Straight Top Tables are more traditional and formal and enable all the Bride and Groom Party to face the dining guests.

Straight Top Table positions include: 2, 5 and on occasion with bigger numbers 9. Please note at least two round tables either side of the top table are removed to make way. So for a top table along the glass wall (position 5) tables 3, 8 (and sometimes 11) are removed. Likewise for Top Table position 2, tables 1 and 3 are removed.

12 ft fits up to 6 guests seated along the back, and 1 at each end (8 total)

18ft fits up to 9 guests seated along the back, and 1 at each end (11 total)

- Please discuss best position for wheelchair users directly with Dodford Manor.
- Please advise Jenkinsons directly about special dietary requirements per table.
- Table name/number holders are available for your use, and are a universal fit.
- A silver plated cake stand (round 15" diameter, or square 15" square) and knife are available if required for the cake table.

Cake tables most often go on the dance floor element of the barn (between additional seating tables 14 and 15) as it enables the cake to be best displayed. For smaller guest numbers it has sometimes been placed in the corner (in place of Table 11) with the stone backdrop.

For help and advice on your planning document or seating arrangements please do not hesitate to contact us however please rest assured we will be going through everything in fine detail with you at your meeting!
